Dhaka, Bangladesh

SUMMARY

I am a Full Stack Developer with a passion for building scalable, performance-driven applications that offer seamless user experiences. With expertise in JavaScript frameworks like React and Next.js on the frontend, and Node.js, Express, and PostgreSQL on the backend, I take a product-focused approach to development, prioritizing the end-user's needs and long-term maintainability. My recent projects include dynamic e-commerce and content management solutions that required intricate database structuring, API integration, and advanced UI/UX design.

EDUCATION

BSc. in Computer Science & Engineering

Rajshahi University of Engineering & Technology

2012 - 2016 Rajshahi, Bangladesh
